A LETTER FROM THE CHAIRMAN OF THE BOARD AND THE HEADMASTER

What aspect of the educational journey at Memphis University School do alumni value most? Invariably Owls point to their guides along the way – the extraordinary teachers who challenged and inspired them, who helped them discover the treasure in their own potential. Whether alumni excelled in the sciences or humanities, in the arts or athletics, U marks the spot where they stretched their limits, became critical thinkers, and developed their strengths.

Your support is vital in our mission to transform enthusiastic boys of high spirits into admirable young men of strong character. We are fortunate to benefit from the continued generosity of the school's wide community. In 2017-18 we raised a total of $2,419,075 from 2,172 donors, which included $1,360,503 in unrestricted Annual Fund giving. As always, our Board of Trustees and faculty and staff demonstrated their commitment with 100 percent participation in the Annual Fund. Sixty-one percent of our parents contributed $291,894, and 31 percent of alumni contributed $812,744 to the campaign. Our Lynn Society (77 members) gave $566,503, while the Thorn Society (434 members) contributed $541,845.

Because of your gifts, U marks the spot for superlative college-preparatory education for boys in this region. Your support allows us to recruit and retain the teachers who are so formative in this experience and to continue offering the wide range of artistic, academic, and extracurricular pursuits that help develop well-rounded young men.

Of course, every MUS student’s educational experience is enhanced by the beautiful campus and fine facilities that serve as home for his studies and activities. We are grateful for the campus improvements your contributions made possible this year, including the following:

- Renovation of the Upper School Office to add space for our third college counselor
- New HVAC units for the Campus Center and Sue H. Hyde Sports and Physical Education Center
- Upgrades to the Upper School HVAC automation system
- Upgrades to our wireless network and rewiring of four computer labs
- 109 new computers (43 in labs and the rest for faculty and staff; one lab converted from PCs to Macs)
- Installation of AV connectors that include HDMI in 25 Upper School classrooms
- New phone system
- New music instruments for our expanded program
- New lighting, painting, equipment, and flooring in the weight room
- New furniture and carpet in an athletic office
- Woodwork repair and painting in Humphreys Hall and Hyde Chapel
- Improvements to the cross-country trail and road paving throughout campus
- Continued campus privet removal and legacy tree planting

We are grateful for your generosity this year. Thank you for continuing to support our mission here at MUS, where, every year, U marks the spot for more than 600 promising futures of unlimited potential.

“I’m extremely grateful for MUS being such an immense part of shaping me into the type of person that I want to be. I could especially see the values that MUS taught me shine in my interview for the Marshall Scholarship. Because of MUS, I was able to stand up for and have confidence in my beliefs and background.”
The Lynn Society is named in memory of Colonel Ross M. Lynn who served as headmaster from 1955-78. This society recognizes the generous individuals who have provided financial support for the annual operation of the school as well as leadership and loyalty throughout the year.

Lynn Society members contribute annual unrestricted support of $5,000 or more.

The Emerging Leaders of the D. Eugene Thorn Society recognizes MUS alumni five to 13 years after graduation. The financial support of our young alumni helps to ensure that their alma mater will continue to be an outstanding school for current students and faculty.

Emerging Leaders donate annual unrestricted support on a graduated scale from $100 to $900.
“MUS and the support system I had there prepared me for the independence and strong work ethic needed in college. By pushing us to take Honors and AP courses while also being involved in clubs, sports, and the community, the teachers at MUS instilled a strong sense of ‘you reap what you sow’ in school, and that is especially true in college. MUS classes are actually as intensive (or more so) than some college courses I’ve taken, which really smoothed the transition.”

**In Memoriam**

Lee Marshall ’75, Brandon Westbrook ’92, Jason Fair ’89, and other class representatives gather for the annual kickoff meeting.
John Hiltonsmith came to MUS with a stated vision: to shape the music program into a model of excellence as highly regarded as the school’s academics and athletics. “Hilty,” as he was affectionately known by his students, arrived in 1984 and promptly doubled the size of the Concert Choir, established several new MUS vocal groups – including the oft-celebrated a cappella group Beg To Differ – and oversaw the construction in 2005 of Bloodworth Studio, a state-of-the-art music recording space that has allowed students to create music while learning production techniques on professional-grade equipment. The program was the first of its kind in the city, and rare at the high school level throughout the country. Hiltonsmith, who died in 2014, created the entire curriculum. This spring, thanks to the generosity of Bita and Jim Webb and their son, Jacob Webb ’18, the control room in Bloodworth Studio was named in memory of Hiltonsmith for his many years of service to the music program. The Webbs, along with Hiltonsmith’s younger daughter, Julia, and wife, Sherry, were on hand for the dedication on April 23.

“This gift in John’s honor allowed us to make a series of upgrades that put us on the level of other professional rooms in this region,” Director of Music Matt Tutor ’91, said. “In addition to adding new microphones, audio components, and studio monitors, we were able to upgrade our control center to a touch-screen Slate Raven desk that makes teaching students about audio engineering much more interactive and memorable.”

The Webbs gave freely and frequently to MUS during their son’s tenure at the school. Early on, they outfitted the Lower School computer lab with Macintosh computers. Each year, they were members of the Parents’ Association and leadership donors to the Annual Fund through the Thorn Society. They treated the faculty and staff with annual holiday gift cards to HoneyBaked Ham. Twice a year they provided refreshments for the Hyde Library breakfast offerings to students during exams. And perhaps most significantly for the long-term benefit of the school, they funded the creation of the Kroeker-Petrosyan Fencing Center, dedicated in 2017.

“In just six short years at MUS, the Webbs have made a tremendous and lasting impact on our school,” Director of Advancement Perry Dement said. “Their leadership support places them among the school’s most important benefactors, and we thank them for all they have done. Their involvement and philanthropy have made MUS a better school.”
“Taking Latin at MUS helped develop my critical thinking skills, gave me invaluable tools to learn new languages, provided me with a firm knowledge base that is directly correlated to other academic disciplines, and sparked a love for world travel and discovery.”

*In Memoriam*
“Thanks to the Science Department, I was exposed to materials engineering. Without it, I would not have found my interest in biomaterials engineering and majored in it. The science curriculum at MUS provided a foundation for my coursework that set me well above my peers in college.”

*In Memoriam
“Collegiate science education requires that students possess a higher level of critical thinking and ability to not only memorize, but to understand large amounts of information. The more personal instruction and motivation from teachers at MUS prepared me for these tasks.”

Annual giving at Memphis University School has always been bolstered by the wide community of donors who understand the value of endowed giving – support that makes permanent scholarships and funding possible.

"Every donor becomes part of our future by being a part of our tradition of giving," says Perry Dement, Director of Advancement. "What makes endowments important is their permanence. In very basic terms, an endowment is a gift for the ongoing support of the organization."

This year, three families made special gifts that will help MUS continue its tradition of excellence in several key areas: attracting the brightest young men, regardless of their ability to afford tuition; recruiting and retaining teachers who are best in their fields; and cultivating leaders who make a difference. These new funds are the Goodwin Family Scholarship, the Dot and Bill Halliday Faculty Fellowship Endowment, and the Jackson James Roberts Fellowship (see full list of endowed funds on page 54).

"As participants in the MUS community, we are all beneficiaries of the generous, sacrificial gifts made by those who came before us," says Sam Graham '80, Chairman of the Board of Trustees. "Endowment giving is a great opportunity to continue this legacy of generosity and sustainability for future generations."

As Dement likes to put it, "Every gift plants a seed for someone else."

Jackson Roberts Fellowship Ensures His Legacy

A motorcycle accident claimed the life of Furman University senior and former Owls lacrosse standout Jackson Roberts '14 on January 12, 2018. In grieving this tragic loss, his family and friends found a way to create something positive and enduring in his memory by funding an endowment that will ultimately benefit other MUS students. Celebrating Roberts’ infectious energy and the passion for life that lifted those around him, the endowed Jackson James Roberts Fellowship will offer students opportunities for personal growth through the pursuit of academic, athletic, service, or leadership programs during the summer. Returning with new skills and knowledge to share, the Roberts Fellows will enhance the character and development of the MUS community.

Designating such a fund to support an opportunity of the student’s choosing was the ideal way to celebrate Jackson’s multiple interests, says his mom, Lisa Roberts. "He was so much more than a great lacrosse player; he was also a great learner," says Lisa. "Especially after graduating from here; I think MUS set the stage. He went to a new level in college – he became so passionate about markets and finance and had great internships the previous two summers at Green Square Capital and Raymond James. He was about to spring into the next chapter."

Lisa and her family cherish their memories of MUS, and they understand why it meant so much to Jackson. "He loved MUS so much; it was just a great experience all the way around. He loved Mr. [Terry] Shelton. I know Barry Ray often wheeled him down the hall to class every day after he broke his leg senior year. I also remember an earlier summer job lifeguarding at the University Club, where he regularly saw Mr. [Jonathan] Large reading by the pool and asked him for book recommendations, particularly of the classics he didn’t have a chance to read at MUS. I think he read 11 books that summer."

She recalls having dinner with Jackson Downtown during his Raymond James internship. As they were crossing Beale Street, Jackson
remarked how much he loved Mem-
phis and looked forward to the oppor-
tunity to return permanently. “He said
to me, ‘I’m moving back to Memphis
one day so I can send my sons to MUS
and be a benefactor like Mr. [Bob]
Loeb ’73 and give back,’” Lisa says.
“And he was 21 years old when he
said this. He said he wanted to move
back so he could be one of those MUS
alums who help make Memphis even
better.”

The Roberts family looks forward
to seeing boys learn and grow during
the summertime in whatever area they
choose. “The fellowship can be used
for athletics, or to fund a community
project, or to do a camp for math, or
to pursue a travel opportunity,” Lisa
says. “It’s a way to keep giving to the
boys.”

The first fellowships – available
to rising sophomores, juniors, and
seniors – will be awarded during the
2019-20 school year upon review
of applications and approval by the
school administration.

In addition to this fund and a sim-
ilar one at Furman, the Roberts es-

tablished one other lasting tribute for
Jackson that will live on at MUS. They
planted an oak tree near the Lower
School in his memory. “Someone gave
us the tree, and my husband, Ken,
said, ‘Let’s plant it at MUS. Wouldn’t
that be neat if our daughters’ sons go
there some day, and we could say that
tree was given in memory of their
uncle?’”

The MUS community will contin-
ue to grieve for Jackson Roberts, but
his big heart, enthusiasm for life, and
love for learning will live on through
these important gifts.

Goodwin Family Provides
Scholarship for Owls in Need

Dana and Bently Goodwin, par-
ents of Connor ’14 and Alexander ’18,
established the Goodwin Family Schol-

arship fund in 2017. Income from
the endowment provides need-based
financial assistance for deserving
students who might not otherwise be
able to experience an MUS education.
Bently Goodwin says the decision to
start the fund was easy.

“At a time when we were strug-
gling financially, MUS came through
for us, and we just wanted to give back
for families who are going through
similar situations. For 10 years our
experience with Connor and Alexan-
der was nothing but positive – worth
every penny we paid in tuition and
are now giving toward this fund, and
much more!”

The Goodwin brothers agree. Connor Goodwin, now a mechanical
engineer at Autolite in Greenville, SC,
graduated from Lipscomb University
and remains “forever grateful” for
having attended MUS. “I always
knew that MUS was a special place,
but while I was there, I unfortunately
took it for granted,” he says. “It was
only after I graduated that I began
to realize just what a blessing it was.
From the outstanding faculty and
staff to the traditions that go back
generations, MUS is second to none.
I can unequivocally say that I would
not be who I am today without MUS.
How kind a fate, indeed.”

Alexander Goodwin, now a
freshman at Lipscomb University, is
grateful that MUS prepared him so
well for every aspect of college. “But
it’s about much more than simply
what is taught in class,” he says.
“It’s about open forums during a
teacher’s office hours, extracurricular
opportunities, and personal growth.
MUS has blessed me with not only
an incomparable education, but also

Teachers Get Support from Halliday Endowment

The Dot and Bill Halliday Faculty Fellowship Endowment makes essential funds available for professional research, study, and travel by faculty. Established through the estate of Dot and Bill Halliday with the support and encouragement of their children, Charles B. Allen IV '77, Dorothy Halliday Butler, William P. “Bubba” Halliday III ’82, and Allen P. Halliday ’85, the fund provides support for faculty professional development.

As enthusiastic, involved parents with three sons engaged in the life of the school over the course of their years at MUS, Dot and Bill were a regular presence at the school – especially Dot, who managed the bookstore from 1979-2001. (A plaque in Schaeffer Bookstore memorializes her contribution.)

“It started just like other moms who worked in the bookstore; she just stuck around for 20 years!” Bubba Halliday says with a laugh. “She wanted to know what we were up to!”

The Hallidays grew to love the school and became friends with many of the faculty and staff, staying connected long after their sons graduated.

“They were probably still attending games through 2005, even after she quit the bookstore,” Bubba says. “That was just their rhythm; they enjoyed sports events and they liked the people.”

Dot and Bill Halliday decided to support MUS with a longer-term endowment years before they died, although Bubba says they didn’t have a specific idea about where to focus it at first. “They started to put money toward it and also had a charitable remainder trust that was set up through their estate,” Bubba explains. “My siblings and I eventually crafted it for faculty because it just made sense to us; they were friends with so many people here, this seemed the best way to honor their interest in MUS. Their love for the school, the boys, the faculty, and the staff forms the basis for this gift and its purpose.”

The fund has been growing over the past eight years, and now the proceeds can be used to benefit the faculty.

The Halliday family has a history of generosity to the school. In 2000 they established the Halliday Library Collection to support the resources of the Joseph R. Hyde, Jr. Library Learning Center. Bubba Halliday also joined forces with Instructor in History Clay Smythe ’85 in 1997 to launch the Metcalf Symposium to encourage student reflection and the exchange of ideas on the great ethical traditions of Western civilization.

With a new Halliday now attending MUS, Eleanor and Bubba’s son William ’22, the family can look forward to continuing their personal connection to the school – cheering on the Owls, making new friends, and supporting the MUS mission – for many years to come.
